Forecast For East of England
Issued by Met Office Exeter
at 1600 on Tuesday 27 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Occasional showers, locally heavy and thundery.

This Evening and Tonight:
Scattered showers continuing across the region through the evening and much of the night. Showers locally heavy and thundery, but tending to die out in the south and west by Wednesday morning. Minimum temperature 14 deg C (57 deg F).

Wednesday:
Bright or sunny spells, and just the odd shower at first, but showers more frequent, and locally heavy and thundery in the afternoon. Breezier and feeling fresher than of late. Maximum temperature 23 deg C (73 deg F).

Outlook for Thursday to Saturday:
Often changeable and breezy through the period, with a mixture of sunshine and showers, some heavy and thundery. Feeling much cooler than of late.
